EDUCATION

Master of Science *2020 - 2022*
Department of Computer Science and Engineering, University of Dhaka, Bangladesh
GPA: 4.00/4.00 (Ranked 1^{st})

Bachelor of Science *2016 - 2019*
Department of Computer Science and Engineering, University of Dhaka, Bangladesh
GPA: 3.96/4.0 (Ranked 1^{st})

TEACHING EXPERIENCE

Lecturer *2023-Present*
Department of Computer Science and Engineering, University of Dhaka, Bangladesh.
Courses Taught: Data Structures and Algorithms, Numerical Methods, Multivariable Calculus and Geometry, Fundamentals of Programming Lab, Application Development Lab.

Lecturer *2022-2023*
Department of Computer Science and Engineering, East West University, Bangladesh.
Courses Taught: Web Programming, Advanced Database Systems, Computer Architecture.

RESEARCH EXPERIENCE

Research Assistant, Regional Collaborations Programme, Australian Academy of Science *2021-2022*
Project title: Geo-spatial transfer learning based rumour-spreading trend analysis to detect fake news about COVID-19 and on the effects of its vaccines
- Developed an algorithm for analyzing information-spreading trends presented as edge-ordered graphs
- Assessed the performance of the algorithm by conducting experimental analysis on data sets
- Collaborated with co-authors to prepare a manuscript for publication

Research Assistant, Brown University, United States *2021*
Project title: Making Meaning of Gendered Violence and the Law: Global Discourses and Local Realities in Bangladesh.
- Constructed a corpus for textual analysis of gendered violence in Bangladesh
- Devised and applied a technique for cleaning topic-wise text data from numerous sources

Research Assistant, Department of ICT, Ministry of PTIT, Bangladesh. *2020-2021*
Project title: DrAi: Artificial Intelligence and Pattern Recognition Driven Assistant for Providing Effective Treatment
- Supervised the development team of the software system
- Designed the machine learning pipeline, conducted data collection, model development, and deployment
- Collaborated in preparing manuscripts for publication and project reports

Research Assistant, Data Mining Research Group, Department of CSE, University of Dhaka *2021-2022*
Project title: Developing Efficient Technique to Detect False Facts Using Knowledge Graph and Bayesian Network-Based Models
- Developed an algorithm for mining features from knowledge graphs and performed experimental analysis

Islam, M. A., Ahmed, C. F., **Alam, M. T.**, Leung, C. K. (2024). Graph-based substructure pattern mining with edge-weight. Applied Intelligence, 54(5), 3756-3785.

AWARDS

Deans Award, awarded by the Faculty of Engineering and Technology, University of Dhaka, in recognition of outstanding academic achievement in Bachelor of Science with honours. *2022*

Azfar Alam Memorial Gold Medal, awarded by the University of Dhaka for obtaining the highest CGPA in the Bachelor of Science examination of 2019. *2022*

Talentpool Scholarship, awarded by the Directorate of Secondary and Higher Education, Government of Bangladesh for obtaining the highest CGPA in the Bachelor of Science examination. *2022*

ACHIEVEMENTS

Champion, Code Samurai Inter-University Hackathon *2019*
- A day-long inter-university hackathon organized by a Bangladesh-Japan venture company, BJIT Limited
- A total of 34 teams participated in the hackathon
- Developed a solution for automated traffic management in Dhaka city based on real data

Winner, Student to Startup, Chapter 2 *2019*
- A startup pitch competition organized by the ICT Division, Bangladesh
- Pitched and developed an image search-based solution for fashion product search engine

GRANTS

Master's Fellowship *2020*
- A fellowship worth 3,30,000 BDT
- Awarded by ICT Innovation Fund, ICT Division, Bangladesh
- For conducting master's thesis research work titled "*Hypergraph Mining Methodologies*"

Bangabandhu Innovation Grant *2019*
- A grant worth BDT 1 million was awarded by Startup Bangladesh Limited
