EDUCATION

Master of Science

2020 - 2022

Department of Computer Science and Engineering, University of Dhaka, Bangladesh
GPA: 4.00/4.00 (Ranked 1st)

Bachelor of Science

2016 - 2019

Department of Computer Science and Engineering, University of Dhaka, Bangladesh
GPA: 3.96/4.0 (Ranked 1st)

TEACHING EXPERIENCE

Lecturer

2023-Present

Department of Computer Science and Engineering, University of Dhaka, Bangladesh.
Courses Taught: Multivariable Calculus and Geometry, Numerical Methods, Fundamentals of Programming Lab, Application Development Lab, Design and Analysis of Algorithms - I Lab.

Lecturer

2022-2023

Department of Computer Science and Engineering, East West University, Bangladesh.
Courses Taught: Web Programming, Advanced Database Systems, Computer Architecture.

RESEARCH EXPERIENCE

Research Assistant, Regional Collaborations Programme, Australian Academy of Science

2021-2022

Project title: Geo-spatial transfer learning based rumour-spreading trend analysis to detect fake news about COVID-19 and on the effects of its vaccines

- Developed an algorithm for analyzing information-spreading trends presented as edge-ordered graphs
- Assessed the performance of the algorithm by conducting experimental analysis on data sets
- Collaborated with co-authors to prepare a manuscript for publication

Research Assistant, Brown University, United States

2021

Project title: Making Meaning of Gendered Violence and the Law: Global Discourses and Local Realities in Bangladesh.

- Constructed a corpus for textual analysis of gendered violence in Bangladesh
- Devised and applied a technique for cleaning topic-wise text data from numerous sources

Research Assistant, Department of ICT, Ministry of PTIT, Bangladesh.

2020-2021

Project title: DrAi: Artificial Intelligence and Pattern Recognition Driven Assistant for Providing Effective Treatment

- Supervised the development team of the software system
- Designed the machine learning pipeline, conducted data collection, model development, and deployment
- Collaborated in preparing manuscripts for publication and project reports

Research Assistant, Data Mining Research Group, Department of CSE, University of Dhaka

2021-2022

Project title: Developing Efficient Technique to Detect False Facts Using Knowledge Graph and Bayesian Network-Based Models

- Developed an algorithm for mining features from knowledge graphs and performed experimental analysis

AWARDS

- Deans Award**, awarded by the Faculty of Engineering and Technology, University of Dhaka, in recognition of outstanding academic achievement in Bachelor of Science with honours. 2022
- Azfar Alam Memorial Gold Medal**, awarded by the University of Dhaka for obtaining the highest CGPA in the Bachelor of Science examination of 2019. 2022
- Talentpool Scholarship**, awarded by the Directorate of Secondary and Higher Education, Government of Bangladesh for obtaining the highest CGPA in the Bachelor of Science examination. 2022

ACHIEVEMENTS

- Champion, Code Samurai Inter-University Hackathon** 2019
- A day-long inter-university hackathon organized by a Bangladesh-Japan venture company, BJIT Limited
 - A total of 34 teams participated in the hackathon
 - Developed a solution for automated traffic management in Dhaka city based on real data
- Winner, Student to Startup, Chapter 2** 2019
- A startup pitch competition organized by the ICT Division, Bangladesh
 - Pitched and developed an image search-based solution for fashion product search engine

GRANTS

- Master's Fellowship** 2020
- A fellowship worth 3,30,000 BDT
 - Awarded by ICT Innovation Fund, ICT Division, Bangladesh
 - For conducting master's thesis research work titled "*Hypergraph Mining Methodologies*"
- Bangabandhu Innovation Grant** 2019
- A grant worth BDT 1 million was awarded by Startup Bangladesh Limited
